

To F. J. Garrison

Hyde Park June 15. 1872

Dear Frank.

36 Your note was duly received. I should have been promptly answered but for these words.

"I shall send you in a day or two a copy of a book which we are about publishing entitled 'Joseph Mazzini' &c. &c."

Daily expecting this book I deferred writing - It will be a most valuable addition to my library I will be doubly valued as your gift my dear young friend - I have always

loved & honored Marzzini, altho' I
am suspicious he would have had
Louis Napoleon assassinated be-
lieving he stood in the way of liberty.

I am much obliged to you for
taking charge of my manuscript.
I thought of sending it to Old St. Ken^{ns}
if your father & yourself think Mr
Stak would give it a place I should
prefer it a Periodical to book form,
I will ask the favor of you to change
the covering, if it is directed to the St.
Press, I take it to the office of the C. S.
As you can do I say all that is neces-
sary - I do not know of any other
Periodical to which I could offer it.
Yours affectionately S. M. Grimké

June 15/72.

Dear Helen—

I must send you a
love greeting & a scrap of poetry. be-
cause my heart is full of love & gra-
titude & praise.

"The weather is the crown of all that June
Has of most fair, the year's transcendent day,
When the young foliage & the perfect air
Intoxicate the birds & put our hearts
In harmony with their joy & love."

Love to brother Garrison & ask
him if there is a notice in the Golden
Age of our beloved friend M^r Haskell's
death &c. She does not file it to send it
to me, or tell me where I may buy one—
Good bye dear Your loving S. M. G.
